

Warehouse Technical Operative

Are you looking for a warehouse position but also technically savvy?

VoCoVo a ground-breaking and completely unique team communication solution enabling our tier 1 retail clients to provide the very best in customer service and business efficiency.

Our business is booming so we are now expanding our Operations team and seeking an operative who is also technically savvy.

The main purpose of this role is to configure and stage VoCoVo systems specific to our customer needs and work as part of our warehouse team ensuring orders are despatched accurately and efficiently.

The main responsibilities are:

- Picking equipment for orders as per the pick sheet
- Liaise with other departments to understand customer requirements
- Using a computer to connect and program the equipment specific to customer requirements.
- Keep accurate records
- Loading, unloading, checking, moving, storing, palletising, picking or packing products.
- Understand and continuously looking to improve operating procedures
- Train new employees where required

The person we are looking for must have:

- Effective communication and organisational skills
- Be good at planning, setting priorities and decision making
- Able to work as part of a team with good Interpersonal skills
- Be quality focussed with an eye for detail
- Be technically savvy with good computer skills

We offer:

- 37.5 Hours per week
- Company bonus scheme
- 25 Days holiday + bank holidays
- 5% contribution matched pension
- Life assurance
- Private medical insurance
- Employee assistance programme
- Free on-site company parking
- Cycle2Work scheme
- Amazing environment in the Oxfordshire countryside
- Professional subscriptions
- Enhanced maternity & paternity package
- Personal training & development budget

If you are excited by this challenge then we want to hear from you.

To apply please forward your CV and covering letter, detailing why you feel this role is perfect for you, to recruitment@vocovo.com
